QUICK AND CHEAP. MOTOR BUS SERVICE TO REPULSE BAY. PROPOSED NEW ROUTE.

Hotel Company's Latest Venture.

The re-opening to traffic of the road to Repulse Bay via Wong Nei Chong raises once more the question of a regular motor service to the south side of the island.

The "China Mail" learns that this is to begin as soon as the re-surfacing of the road permits of heavy traffic. The Garage Department of the Hotel Company is holding in readiness three Thornycroft motor coaches specially for this service, and a "China Mail" representative who called this morning on Mr. T. R. Parsons, the manager of the Garage, was informed by him that whilst it would not be advisable to run a bus service via the new road at present, steps would be taken as soon as possible for the inauguration of such a service to Repulse Bay.

Asked if the Company would by reason of the considerably reduced running distance be in a position to charge less than the present charge of one dollar for the journey via Aberdeen, Mr. Parsons said he thought that a reduction was practically certain. It had been suggested that a charge of 50 cents per head be made for the journey each way but nothing definite had been decided yet. Notice would be given in due course by advertisement in the local Press.

On the completion of the Hotel Company's new garage at Happy Valley (it is hoped to open the ground floor at the beginning of next month) the Hotel Garage will be enabled to give practical consideration to the matter of a cheap and quick service not only to Repulse Bay but also to the Peak Hotel thus, incidentally, providing transportation facilities to houses in the vicinity of Stubbs

SEAMEN IN TROUBLE.

Before Mr. H. R. Butters, at the Central Magistracy this morning, four Dutch seamen named K. K. Brunner, J. K. Van Doone, J. Stolk, (s.s. Tjikini) and H. Tobber (s.s. Tjissondari) were charged with disorderly conduct and assaulting European, Sergeant Meadows at Hollywood Road last night.

Outlining the case, Inspector Lannigan said that Sergeant Meadows went to a house at Hollywood Road and adjusted a complaint made by a motor car driver that the defendants refused to pay hire. Shortly after a report was received from the same house that some Europeans were creating a disturbance. The officer went again, and saw the defendants coming out. They refused to return to the house in order to make enquiries, and on Sergeant Meadows attempting to detain one of them he was set upon by the others. They were later taken to the charge room with the assistance of other police officers. The Inspector added that it was ascertained afterwards that compensation had been made for the damage done at the house to a lamp and other articles.

The defendants severally pleaded guilty and were fined \$10 each.

FOUR ARRESTS.

The series of armed robberies last week had a sequel at the Kowloon Magistracy this morning when four men were formally charged and remanded until Friday. One of the men was arrested in connection with the attempted robbery at 26 Kai Yan Street, Kowloon City, on April 22. The others are charged with being members of the gang on this occasion, and also for complicity in the successful haul of money and property at 275 Portland Street, Yaumatei, on the same date.

DOG BITES LAD.

A European boy named C. White, living at 4 Salisbury Avenue, Kowloon, had to be treated by Dr. J. P. Fehly yesterday for a dog bite. The animal, owned by Mr. Stainfield of King's Park Building, was sent to the Kennedy Town dog pound.

Mrs. E. Danenberg left to-day on the President McKinley for a holiday in Shanghai and Japan.

road and possibly from the Peak to Repulse Bay.

The opening up of direct communication between the Peak district and Repulse Bay will undoubtedly bestow upon Peak residents a service that will be much appreciated, as at present those not in a position to obtain a car have either to walk via Magazine Gap and Blacks Link down, the new road or else make the journey down to town before a real start can be made.

The new buses which the Hotel Co. anticipate running are to seat 22 passengers.

TO-DAY'S WEDDING.

Miss Simmons and
Mr. Proulx.

ST. JOSEPH'S CEREMONY.

A large number of friends attended the wedding at St. Joseph's Church to-day of Miss Florence Alice Simmons, daughter of Mr. and Mrs. A. W. J. Simmons, and Mr. Benjamin Albert Proulx, son of Mr. and Mrs. J. Proulx of Ottawa, Canada, both the bride and bridegroom being well known in the Colony.

The Rev. Father Reganti officiated. The bride was given away by her father and wore a pretty dress of silver brocade with tulle veil trimmed with silver. Her bouquet was of lilac and roses.

The bridesmaids were the Misses Gertrude and Kathleen Simmons, sisters of the bride, and they wore charming dresses of

LOCAL SHARES. SENSATIONAL SETTLEMENT EXPECTED. STRANGE RUMOURS.

A Speculator Said To Be In Difficulties.

Stockbrokers to-day were working feverishly to cope with the work of to-morrow's settlement (for the month of April) when it is expected that sensational revelations will be forthcoming.

In Ice House Street to-day many were talking animatedly about the alleged difficulties that would have to be met by a person interested in shares. Several people who were approached unanimously declared that they were not concerned in the least and therefore knew nothing about the ugly rumours.

As far as could be learned, it is stated that the party is involved in a large sum, variously given at anything from \$150,000 to half a million dollars. The lower figure—or even less—is more likely to be correct.

Before the week-end there had been talk about a huge volume of business accumulating for the June settlement, but a few days ago it was still thought that to-morrow would pass off smoothly. From what has been picked up it seems as if the rise in Electric and Trams has brought about the situation.

Just before last month's settlement, Hongkong Electric Co. shares were quoted at about \$88. To-day, little business was done on account of the sudden turn of events but Electric is quoted at \$91 buyers for cash. Last week they started at between \$70 and \$80, and it is the last jump that has caused consternation to the "bears."

In the ordinary course of events—and it is not suggested that the same has happened again—there are people who calculate on the market falling and, therefore, sell short, i.e., sell without having the actual shares which they hope to pick up subsequently at lower prices. When the market goes up they are, naturally, affected adversely.

Hongkong Tramway Co. shares were \$36 or \$37 at the last settlement, and have since appreciated to \$44 1/2.

From a broker who is not interested, it was gathered that a compromise is being arranged so that, after all, the settlement will not be hindered. In that case, it is supposed, an arrangement will be come to whereby things will be smoothed over and sensations will not take place.

Mention has also been made of a chartered accountant's services to be enlisted in putting matters right.

Whether there is any substance in the rumours remains to be seen when the settlement is put through to-morrow. In view of alleged restriction of transactions to-day by parties who are working for a compromise, it is felt that matters will be generally subdued.

PARITY OF POUND.

REPORTED IMPORTANT AGREEMENT.

AN INCALCULABLE AID.

(Reuter's American Service.)

WASHINGTON, April 26.

The reported agreement between the New York Federal Reserve Bank and the Bank of England to take pound sterling bills in the open market as an exchange stabiliser is regarded by many officials as tantamount to placing the New York Bank's gold reserve behind the pound. It is agreed that this will incalculably aid British efforts to maintain the gold basis.

Mr. Censinger, Governor of the Federal Reserve Board, said the Board had not been advised of the reported agreement, but the agreement could be negotiated by the Bank without reference to Washington, and there was no reason why the bank should not help in the movement.

COURT OF INQUIRY.

A Court of Inquiry is to sit at the Marine Court (in the Harbour Office) on Wednesday morning, as a sequel to events which are alleged to have happened on the (British) Hongkong-Swallow vessel Hydrangea, last week.

Paris, April 25.—The Chamber by 330 votes to 204 passed a vote of confidence in the Government in its ability to deal with the disorder, after the debate on an interpellation moved by M. Taittinger with reference to the Communist attack mentioned yesterday. M. Taittinger declared that the Communists were then led by "Annamites and Kabyles" and asserted the headquarters of "Parisian Youth" noticed their mail disappearing and enquired and found that an Annamite daily had carried the stolen mail to the office of the Communist organ "Humanite"—Reuter.

TERRIBLE TORNADO WIPES OUT ENTIRE TOWN.

More than 100 persons were killed by the devastating tornado that left the prosperous little city of West Frankfort, Illinois, a total wreck. This aeroplane photograph shows those fortunate enough to escape death or injury searching in the ruins for the dead and wounded.

POLICE SEARCH.

STAR FERRY WHARF INCIDENT.

"SHOW ME YOUR HANDS."

Sergeant Dungey and his pickets were responsible for another prosecution at the Central Magistracy this morning before Mr. J. R. Butters when a young Chinese named Cheung Chiu, well dressed in European clothes, was charged with resisting a search near the "Star" ferry wharf at 12.30 this morning.

Evidence was given by a Chinese detective, an Indian policeman, and Sergeant Dungey that the defendant persistently refused to submit and said in English "show me your hands." Finding that they could not get him to comply with the order, they had to take him to the charge room.

The defendant said that a Chinese in plain clothes came up to him and wanted to search him. There was nothing to indicate that he was a police officer. Defendant was afraid that the man would plant some contraband on his person and later charge him. Therefore he asked to see his hands. Later the Indian came and held his hands up while the other searched him. He maintained that he had already been searched when the European officer, who was some distance away, came up and ordered him to be taken to the Police Station. He called a friend to give evidence. This witness stated that he was with the defendant at the time and had also been searched. He saw the police officers round the defendant, who had his hands up, but being short-sighted he did not actually see whether they searched him.

The defendant was discharged with a caution.

A Chinese bricklayer fell down from the scaffolding on the second floor level of a house under construction at Percival Street yesterday. The man was taken to hospital with several injuries.

blue accordion pleated georgette, trimmed with gold and hat to match. Their bouquets were of pink roses.

The bride's mother was attired in a dress of henna crepe de chine, trimmed with figured crepe de chine.

Mr. F. P. Lenfesty was best man.

After a reception at the Carlton Hotel the bride and bridegroom are to leave for Shanghai by the President McKinley the bride travelling in a tangerine pleated georgette dress and hat to match.

The wedding cake was supplied by Café Wiseman.

OBITUARY.

MR. CHARLES WHITLEY.

The funeral of the late Mr. Charles Whitley who had been employed at the Kai Tak Motor Bus Company, took place at Happy Valley yesterday.

Mr. Whitley died at the Matilda Hospital on Saturday after a long illness. He was 22 years of age and arrived in the Colony with his parents and family about a year ago, having previously been in India where his father was attached to the R.G.A.

The Rev. G. E. Arrowsmith conducted the funeral service, being supported by the Rev. G. R. Lindsay. Among those present at the graveside were his mother and father, the Misses Peggy and Sheila Whitley (sisters) Masters Tom and Norman Whitley (brothers) as chief mourners Mr. and Mrs. T. E. Jackson and members of the St. Andrew's Young Men's Club.

Wreaths were laid on the grave from, Did, Mother, Peggy, Sheila, Tom, Norman, Mr. and Mrs. J. P. Robinson and Bonnie, Mrs. and Miss Hopwar, R. Spradbery, Bob and Eric Nicholls, Mr. and Mrs. A. C. V. Toke, J. Hirst and family, Mr. and Mrs. T. E. Jackson, Mr. and Mrs. B. W. White and family, Rev. and Mrs. G. R. Lindsay, Mr. and Mrs. A. W. Davidson and family, St. Andrew's Church, Young Men's Club and Bible Class.

DERWENT ARRIVES.

Lying at Stonecutters, presumably awaiting repairs is the steamer Derwent (Captain C. R. Benstead) which had her rudder post and other parts damaged while on a trip here from Saigon.

She was assisted part of the way by the Haogang, after which she anchored in a bay. Then the Apocoy took her passengers to Hongkong and the Whampoa Dock Co.'s tug, Henry Keswick, was sent to tow her back.

There were no European passengers on board with the exception of Mr. Benstead (the captain's wife) and their child.

NOT THE WAY.

Two Filipinos were charged before the Kowloon Magistrate this morning for stowing away on board the s.s. "President McKinley" from Manila.

Pleading guilty, the defendants stated that it was their intention to get to America in order to prosecute their studies.

The Magistrate said that this was not the way to get there and he would make an example by sending them to prison for two months' hard labour.

MR. MONTAGUE EDE.

The Hon. Mr. C. Montague Ede who has so closely identified himself with the public life of the Colony and whose enforced absence from it through illness has been much regretted, is leaving the Colony on May 17, for a health trip.

Mr. Ede will leave by the Taiyo Maru for San Francisco and will be accompanied by Mrs. Ede and his daughter and son in law. His many friends will join in wishing Mr. Ede a speedy recovery after the beneficial voyage and the summer at San Francisco.

Sydney, April 25.—Customs officers found ten thousand Sterling's worth of opium on the steamer Arakura from Yokohama. Reuter.

FOR ANEURISM, CANCER ETC.
A new medicine for the cure of Aneurism,
Cancer and Carbuncle by Injection
and Internal use.
Most physicians and surgeons have ex-
pressed the opinion that Aneurism, Cancer and
Carbuncle are incurable and many deaths have
been caused by these dread diseases. Dr. T.
Mikulic, M.D., Professor of the Japanese
Imperial University has made a careful study
of these diseases for several years and has at
last discovered the use of "CARBONOLYSIN"
for Injection and Internal use. A large number
of Japanese patients have been cured by the
use of this medicine and it is now becoming
well known for its curative properties.
Foreigners have always died of these dis-
eases owing to failure to find a remedy. Now
Dr. T. Mikulic, Dr. Sun Yat Sen is suffering from
cancer of the liver which is a phase of one of
the above mentioned diseases. Those
suffering from this disease will gradually
develop fever, nervous pains, urinary troubles,
head aches, dyspepsia and vomiting.
"Victims of this disease are advised to im-
mediately procure "CARBONOLYSIN" from
our agents and by taking this internally, or
by Injection, the progress of the disease will be
stopped and cure quickly obtained.
Cancer Glands will disappear and swellings
will be reduced to a minimum quickly and
easily by the use of "CARBONOLYSIN".
Those having hemorrhoid disease are advised
to take "CARBONOLYSIN" in order to check
its activities.
This medicine is the result of long ex-
periment and has no injurious effect on the
taking it. Our Agents are:

The Burden Of
Indigestion.
Here are the facts about a real
remedy for indigestion—and
weakness of the vital organs—
that burden which makes life a
misery for so many. The remedy
is Bisurated Magnesia, a harmless
yet effective compound which
since its inception, has received
the written endorsement of thou-
sands of grateful people in all
parts of the world as well as the
recommendation of doctors, nurses
and hospitals. Bisurated Magnesia
stops stomach pain instantly by
removing its cause, it is quite
inexpensive, and either tablet or
powder form can be obtained from
any chemist. It is the one sure,
safe and safe remedy for those
who suffer from indigestion, and
stomach weakness, but when buy-
ing care should be taken to see
that it is "Bisurated" Magnesia,
for nothing else will do. The oval
"BISMAG" trade-mark appears

"THE GREEN GODDESS."
WORLD THEATRE'S GREAT
ATTRACTION.
There are marvelous contrasts of
individual acting and tremendous
crowd formation in "The
Green Goddess," starring George
Arliss, which will be shown at the
World Theatre for 5 days begin-
ning to-morrow.
With Mr. Arliss appears Alice
Joyce—the beautiful favourite—
David Powell and Harry T. Morey.
The action calls for the fine-
st of these four. The producer
presents to great heights in those great
street rioting scenes when fanatic
subjects of the Kingdom of Rukh
storm the palace and temple
towers, demanding the lives of
the three English prisoners.
Mr. Olcott the producer has had
great experience with mobs both
in screen life and in real life, and
of years ago, in the Holy Land,
he nearly lost his life in the hands
of fanatics who resented his pre-
sence there to take a motion
picture. He had gone to Jeru-
salem for the shooting of
"From the Manger to the Cross,"
One Sunday morning he was
standing at St. Stephen's gate
preparing for a shot when a crowd
of natives rushed upon him with
knives. He was saved after a
desperate fight in which he was
called upon to use his revolver.
For the next two days Olcott was
in great danger of his life, but by
a ruse he succeeded in getting the
final shot and then with his com-
pany left town before dawn in a
specially chartered train. In this
picture he used between 4,000 and
5,000 extras, gathered at various
places in the Holy Land.
An Intelligent Baby.
Princess Mary's elder son, who
has just had his second birthday,
is very intelligent, forward for his
age, and not in the least shy
(remarks the London Evening
News.) He will talk with any
stranger and hold out his hand
very prettily, and in his manner
and ways he reminds those who
know him of the Prince of Wales.
There is something mercurial
about the little fellow, but in
appearance he is his father's son.
The only difference lies in their
countenances—for whereas Lord
Lascelles has auburn hair and a
ruddy complexion, George Henry
has a luxuriant head of chestnut
white and pink. The Queen
adores him and his little wife has
adopted him and his little wife has
adopted him, and he has been
quitting amusing little sayings
about his father and mother.
TOO LATE.
IMPORTANCE OF ONE MINUTE.
Mr. Charles Warren, of Detroit,
popularly designated as the next

important office for a year or less,
failed to secure appointment as
Attorney-General at the hands of
the Senate because Vice-President
Dawes, who presides over the
Senate and votes in case of a tie,
arrived just a minute too late to do
his duty. The only objection to
Mr. Warren is based on his
alleged association with the
Sugar Trust and the testimony
brought forward in the Senate on
that point by so excellent an
investigator as Senator Walsh, of
Montana.
President Coolidge late in the
afternoon resubmitted the name
of Mr. Warren to the Senate,
which enjoyed a delicious sensa-
tion because Senator Norris, of
Nebraska, a Radical, availed him-
self of this occasion to read a
parody of Revere's "Ride," in
which he pictured General Dawes
breaking all speed laws as he sped
along the "Washington" streets to
the Senate in a taxicab. Norris
read his poem with all the
declaratory ardour of a school-
boy at a prize day, and created
much merriment in the galleries,
which joined in his improvised
chorus. General Dawes listened
intently and at the finish he win-
ced to the most august deliberative
body in the world, "expressed ap-
probation of the delicate tribute
paid to the Senate by the Senator
from Nebraska, and then he
acted in his most Nebraska

QUEEN'S THEATRE
ATTRACTION.

The lover of the weird and
mysterious will find enjoyment
plenty at the Queen's Theatre
this week. Carter, the magician,
is there with a repertoire of
psychic items that thrill, fascinate
and amuse.

Carter, besides being a master
of his art, is really funny. Hold-
ing spellbound attention for a
time, he suddenly injects a
humorous quip that convulses his
audience. His offerings in
clairvoyance and prestidigitation
are masterpieces.

The programme is made up of
three parts, ending with a one act
mystery playlet "The Lion's
Bride." In this one act a beautiful
young victim of a Maharajah is
seen at the drop of the curtain
shrieking in the jaws of a real lion.

Sharing the attention of the
magician, Miss Evelyn Maxwell
performed some remarkable work
in telepathy. Before the curtain
rose, slips were passed to the
audience with requests that ques-
tions be written. The questions
were retained by the writers.
Later Miss Maxwell, blindfolded,
entertained the audience half an
hour by answering minutely and
accurately every query.

Four Chinese were fined \$25
(with the option of 25 days) at the
Magistrate's Court this morning for
going on board the Blue Funnel
steamer Diomed, in harbour, with-
out permission. A fifth, who
should have appeared on the same
charge, was absent and his bail of
\$25 was exonerated. Three others,
up for a similar offence on a coast-
ing steamer were fined similar
amounts, all of which were paid.

NEW METHODS FOR BEGGARS.

In spite of sentences of severity, including the application of the "cat," acts of lawlessness continue. In addition the police confess themselves beaten by what may be termed the leggar nuisance. Eighty arrests a day with deportation to Canton means that there is no place to house these undesirable and that they return from Canton by the next steamer. In ways that are dark the Chinese criminal is equal if not superior to his Western brother; the leggar variety is more objectionable. A new method of punishment is certainly needed. In Manila it is no uncommon sight to see convicts engaged in works of a public character. Hongkong, for some unknown reason, has shelved the application of the stocks. It certainly took up the time of policemen told off to guard prisoners; was non-productive and it is questionable if the person most concerned "lost face" for the simple reason that he had none to lose. The value of honest toil should be inculcated and on a fair basis. The Government should put its criminal class to work on matters of a public nature—road making, hill razing, etc.; and if necessary it should credit each man with a reasonable allowance for his toil, so that when the man is released he will have the wherewithal to endeavour to commence again, honestly. The idea can be

elaborated so that large contracting firms could draw on prisoners should they so desire. At the moment a prisoner is put away and apparently is forgotten. Put him to work where he can be seen, and it is likely that those who feel the urge to break laws will think twice before they do so. This would apply also to beggars.

Arms Searches.

It is possible to feel sympathy for both those whose duty it is to be searched, and those called upon to be searched. If the latter can only be got to see that the duty is, so to speak, a double-edged one, matters may be simplified. The honest person should have no hesitation in allowing a search to take place, and should certainly not resist. On the other hand the authorities should so conduct their search as to make it as acceptable as possible. It should be done "in decency and in order"; if possible, not in full view of others, but to one side of a thoroughfare or place. It should not be made to appear that certain classes only are liable to be searched, but that the whole community is made responsible. This fact should be broadcast. Exceptional diseases demand exceptional remedies. These sudden searches have already proved their effectiveness. They should be continued.

A New Road.

The partial re-opening of the road from Black's Links coincided with a week-end of appropriate weather. Many motorists from the city and Peak availed themselves of the opportunity which is now given of considerably reducing the length of the journey to Repulse Bay. Extensive alterations in the composition of the road were noted—in fact it would appear that almost everything has been "up" the Roads Department apparently being determined to make a very thorough job of the repairs, so that there shall be little risk of the road having to be closed again. The main advantages of this road are obvious, but there are others which are not so widely known. In addition to reducing greatly the journey to Repulse Bay from town and Peak, the road relieves pressure on another which, strongly and cleverly constructed as it is, was not intended and is not equal to carrying such a vast volume of traffic as it is called upon to do. It renders transportation facilities to houses that border the road already, or are going to be built there and in encouraging more building contributes to the alleviation of the housing problem; all these facilities being not only for the owners of cars but, bearing in mind the Hotel's service, it can be stated with confidence that it will benefit the man with limited means as well.

Unwholesome.

There is one aspect of the beggar nuisance which demands instant attention and which it should not be difficult to eliminate. There are too many who seek monetary aid by flaunting their natural and acquired deformities, sores and sicknesses, before the gaze of the populace. It is patent to most people that sores and disfigurements are deliberately kept at a suppurative state—a nauseous sight. The authorities could easily put a stop to this. Such cases indicated should be removed to some central premises either for expert medical diagnosis or the simple treatment that medical students could give. In many cases the application of say the smarting iodine would probably be effective. It is against all the laws of decency that malformations and sores deliberately made and "kept up" should be used as a means of extracting alms from those whose sentiment for the time being has been touched.

LABOUR TROUBLE.

(Reuter's Service.)

LONDON, April 25. While employers and trade unions in the shipbuilding industry have agreed to begin a joint enquiry into the serious plight of shipbuilding, a less conciliatory spirit marks the engineering industry, whose troubles are equally serious. The executives of forty engineering trade unions assembled in London to consider the position as regards their demand for an increase in wages of twenty shillings weekly, which the employers have already refused, were astonished to receive a communication from the Employers' Federation declaring the position and prospects of the industry had worsened as the result of foreign competition. A drastic remedy was essential. Therefore they were proposing to increase the weekly hours from forty-seven to fifty for day time, and fifty-two and a half for night time, with modification of overtime rates. The letter suggested the employers' unions will jointly urge the Government to approach Continental competitor nations with the view to some arrangement under a Treaty to secure better working conditions on the Continent. This has greatly disturbed labour trade union opinion, which believes the attitude of the engineering employers foreshadows a general movement for longer hours.

COOLIDGE TO INTERVENE?

Reported Split in Shipping Board Personnel.

Throwing further light on the situation regarding the sale of the five "535" ships awarded by the U. S. Shipping Board to the Robert Dollar interests and the subsequent appeal by the Pacific Mail S.S. Co. against the decision, the following messages will be of interest:—

SALE UPHELD.

(United Press.)

Washington, April 20.

The Supreme Court of the District of Columbia to-day upheld the sale of the five United States Shipping Board 535-liners now operated by the Pacific Mail Steamship Company to the Dollar Steamship interests.

in the composition of the board, as the dispute over the sale of the five ships has led to a sharp breach between the majority and minority members.

China Press Radio.

Washington, April 19.

The three-four split in the Shipping Board has grown so acute over the sale of the Pacific Mail ships to the Dollar interests that President Coolidge is understood

Built mostly during the war, the so-called 535 liners derive their name from the fact that they are 535 feet long. When they first came out to the Far East they were known as the State boats but subsequently their names were changed and are now known as President liners. Five are operated by the Pacific Mail, five by the Admiral Line and a number by the Dollar round-the-world service.

The ruling of the court came as a result of the suit brought by the Pacific Mail Steamship Company in an effort to restrain the Shipping Board from selling the vessels to the Dollar interests.

to have addressed a letter to Chairman O'Connor of the board requesting a report on the situation.

Branches to Close?

Part of a message from Mr. R. Stanley Dollar which appeared in the "Daily Colonist" of Victoria, B.C., on April 3, reads:—

Competition in the Orient between the Seattle and San Francisco American steamship lines will be immediately eliminated. The Pacific Mail offices in Japan, China, the Philippines and other parts of the Far East are to be closed and the business of both the Seattle and San Francisco services of the Dollar interests will be handled by the agencies of the Admiral Oriental Line.

The keen rivalry between the San Francisco and Seattle American lines and the disposition of one organization to fight for business at the expense of the other will be eliminated.

ASKED TO REPORT?

ELECTION SURPRISE. HINDENBURG BECOMES PRESIDENT. PUBLIC TENSION.

Two People Killed In Clash With Police.

Marshal von Hindenburg, the military idol of Germany during the war and an avowed friend of the former Kaiser, has been elected President of Germany.

HEAVY POLLING.

Berlin, April 26. In drizzling rain polling took place all over the country and was heavier than on March 9. A few collisions between rival sections have been reported, but none were serious.

The only signs of enthusiasm in the capital were displayed by boys and youths dashing through the streets in motor lorries, waving flags and cheering either Marshal Hindenburg or Dr. Marx.

DEFEATED.

Dr. Marx.

PUBLIC TENSION.

Berlin, April 26. The public tension is apparently increasing as the results appear. Strong police patrols have been posted everywhere.

The first three Berlin stations gave Dr. Marx a 50 per cent. majority, but later the eight combined Berlin districts showed Marshal Hindenburg 10,064, Dr. Marx 5,532 and Herr Thaelmann 691 votes.

PROGRESS OF POLLING.

Berlin, April 26. At nine o'clock in the evening the position was—
Marx 1,558,000.
Hindenburg 1,377,000.
Thaelmann 251,000.

Berlin, April 27. At twelve-thirty the results of twenty-seven districts were—
Hindenburg 11,306,000.
Marx 10,112,000.
Thaelmann 1,310,000.

The unofficial final figures are—
Hindenburg 14,639,000.
Marx 13,717,000.
Thaelmann 1,789,000.

The Berlin figures are—
Marx 651,000.
Hindenburg 385,000.
Thaelmann 116,000.

The foregoing includes the figures of Hindenburg's stronghold, East Prussia.

Berlin, April 26. The position at 10.30 p.m. was—
Hindenburg 5,962,000.
Marx 5,733,000.

PLEASED WITH THE ELECTION.

WILHELM, CROWN PRINCE OF GERMANY.

MAN AT THE HELM.

New President of Germany.

HINDENBURG'S CAREER.

THE IDOL OF A NATION IN THE WAR.

Marshal Paul von Hindenburg, the new President of Germany, was born at Posen, East Prussia, in 1847. Educated in typical Junker atmosphere, he served as lieutenant in the Austrian campaign in 1866, and was decorated for valour in his first battle.

In the Franco-German War he was present at St Privat, Sedan, and the siege of Paris. Subsequently he was transferred to the general staff (1878).

He specialized on the topography of East Prussia, and acquired an unrivalled knowledge of its strategic features. He was strongly opposed to the scheme for draining the region, conceiving that its swamps and lakes formed a defensive zone. After commanding the two East Prussian army corps at Königsberg and Allenstein, he retired in 1911.

Marshal von Hindenburg.

On August 22, 1914, when the Russian invasion of East Prussia reached its high-water mark, he was appointed to the command of an army for the reconquest of the country, with Ludendorff as chief of staff. In a week he had effected a complete change in the situation.

At the battle of Tannenberg or Osterode (August 26-31) by a bold and hazardous strategy, he won a complete and decisive victory.

At once he became a popular idol, and on September 25, he was given the rank of field-marshal, and placed in chief command of the entire Eastern front. In January of 1915 he struck in the direction of Warsaw, and twice subsequently attempted to take the city, but failed. It was occupied in May 1915, and the Russians were driven back to the Pripiet marshes, but no military decision was reached. His spectacular advances gave frenzied delight to the German people. Honours were showered upon him, and it was accounted a pious act to drive nails of homage into his wooden effigy in Berlin.

The square-headed, heavy-jawed Prussian, became a subject of legend and an object of worship.

Ludendorff, in his "My War Memories" (vol. 1, p. 12) says: "With the most profound satisfaction I saw him become the German national hero of this war, the very personification of victory for every German." A book picturing "Hindenburg's march into London" had a huge sale.

In August 1916 Hindenburg was appointed chief of the general staff in succession to Falkenhayn, whose plans at Verdun and in the Trentino had failed. He brought with him his faithful lieutenant, Ludendorff, who was the brains of the combination, and probably knew it for while in his book he praises his chief's "noble qualities of mind," his devotion to his king, and his readiness to assume responsibility, he pays no tribute to his military qualities.

Nothing, however, was accomplished in the West, and the Somme battles, forced the Germans to retreat to the much-vaunted "Hindenburg Line," which was to be the ne plus ultra of the Allied advance. The story of how this line was gradually eaten into and finally broken belongs to history.

On October 3 Hindenburg embodied the views of G. H. Q. in a statement advising that the war should be brought to a close.

After the Armistice he retained his chief command until June 1919. In the following July he wrote to Marshal Foch offering himself as a sacrifice for the ex-Kaiser. In November he gave evidence as to the responsibility for the war before the Reichstag Committee, and in the same month there were demonstrations in his honour by the Monarchists.

More than once he intervened as the defender of Ludendorff, who had incurred marked un-

The recent terrible bomb outrage in a Sofia cathedral is having results which some quarters fear may possibly lead to another Balkan war.

MANY PLOTS.

(Reuter's Service.)

Sofia, April 27.

As a result of confessions of accomplices, counsel for the Crown stated that he had established that besides the Cathedral outrage the Agrarian Communists had planned several other attempts in Sofia and the provinces, including attacks on the Sobranje Central Post and Telegraph offices, but the plans had not materialised owing to the stern measures of the military authorities.

It is estimated that 200,000,000 leva are needed to repair the cathedral and to relieve the injured and the families of the dead. Earlier Cables.

Berlin, April 25.

The German Government regards the situation in Bulgaria as most serious, especially the danger of intervention by Yugoslavia, which might easily lead to a Balkan war.

The German Foreign Office welcomes permission being given Bulgaria to increase her army, and hopes that Bulgaria will thereby deal effectively with the Communist movement.

Riga, April 25.

The Pravda, commenting on the Sofia outrage, says the Church showered blessings on the Bulgarian Government, but the internal machine worked more thoroughly, and destroyed peasants, workers and enemies.

Sofia, April 26.

A painful impression was caused by the statement alleged to have been made to foreign Press representatives by the British Labour members of the House of Commons, Messrs. Wadsworth, Mackinder and LeStrange Malone who spent a few days here after the explosion at the cathedral.

A semi-official statement declares that their statements were

exaggerated and erroneous. The number arrested all over the country was two thousand, not six thousand. Those arrested were directly implicated in Communist activities or suspected of participation.

The number killed was not hundreds but only a few who refused to surrender. It is alleged that the visitors were displeased because they were not allowed to interview the imprisoned leaders of the conspiracy.

The Agrarian leaders have been released as it has been established that they were not implicated in the communist conspiracy. About hundred others were also released.

Poland and Czechoslovakia.

London, April 25.

Considerable importance is attached to the signature of the agreements between Poland and Czechoslovakia as possibly a prelude to far reaching developments in the situation in Central Europe. The agreements indicate an amicable settlement of the disputes which hampered attempts at rapprochement begun three years ago.

An important factor in the conclusion of the agreements has been the nervousness of Central European states about the German proposals for a pact guarantee and Germany's reservations as regards her eastern frontier. The effect of the new development will probably be felt at the autumn assembly of the League of Nations when the Geneva Protocol will be reconsidered.

Scene in Polish Supreme Courts.

Warsaw, April 26.

During the trial before the Polish supreme court of 76 communist-terrorist agents who were proved to have received subsidies from the Soviet legation at Warsaw M. Hofmoki, defending counsel for two of the Communists, suddenly whipped out a revolver and fired six shots at a Polish lieutenant who was a witness for the prosecution. During the ensuing disturbance the accused tried to escape but the police and witnesses prevented them. Mr. Hofmoki was arrested.

Peking, April 26.—A mandate issued yesterday states that "former statutes are of the past. I hope the task of the codification of the national constitution will be carried out as soon as possible and that the national parliament will be convoked in conformity with the law." This is understood to mean that the old parliament is now definitely at an end, as is the constitution grafted at the time of Tsao Kun's inauguration as president.—Reuter.

"BRONZED AND MOST CHEERFUL"

Their Majesties the King and Queen arrived at Victoria at one o'clock this afternoon bronzed and most cheerful, and were welcomed by the Duke and Duchess of York, Princes Henry and George, Princess Mary, Viscount Lascelles and Prince Arthur of Connaught, after which they drove to the Palace in an open carriage. The short route was lined the entire length by multitudes, cheering enthusiastically.—Reuter.

RATIONALISM.

(To the Editor of the China Mail.)

Sir.—It is interesting to us up-country folk to learn that Hongkong has at least forty-three rational men; that is, forty-three who have seen fit to associate themselves together on that basis. I have read the speeches reported in your issue of March 26, and also your editorial comment. As it is evident your paper is not affiliated with the R.P.A., I am taking the liberty of asking space for a few remarks; if, indeed, my letter, on account of distance and journeying, is not too late.

Of course, I am not acquainted with any of the speakers, so that anything I may say can have no personal allusion: immoral as their doctrine is, when probed, their personal conduct may be respectable: I simply know nothing as to that.

But I do wish to show that, taking these speeches as setting forth truly their intentions, the teaching which they propose to propagate must be immoral. The position taken is this: the missionaries are trying to spread old-fashioned Christianity amongst the ignorant masses of Chinese. There are Chinese who know that the doctrine of the missionaries is not the real belief of the nation. "The doctrine is not that on which the foreigners in China base their conduct." It is easy for certain zealots, amongst the Chinese, to point out, for the purpose of engineering racial hostility, the great differences between the religion taught to them as being that of the foreigner, and the actual religion of the latter as evidenced by conduct. "To combat this evil Rationalism offers help."

And what is this help? To spread Rationalism amongst the Chinese. The clear inference is, that the doctrine to be propagated will agree with the conduct of the foreigners living in Hongkong and the treaty ports. One would have thought it more rational to have changed the conduct. But if the conduct is to remain the same, and the doctrine is to conform to it, what sort of a doctrine will it be? One might blush to read it.

Take the ten commandments, which are not Christianity, but were given by God through Moses, and were as a school-master until Christ came. The first four go by the board, for there is no personal God to love, at all at all; no Sabbath day appointed by Him. Open your shops and your cinemas by all means; forget even the possibility of there being a God, if you can. And as to the last six—kill, steal, commit adultery, lie—there is no heretofore, no final accounting. A pretty nice Hongkong you will have soon.

But let us come to the Christianity, which is the special object of their hatred: why, it would be hard to tell, except on the principle of "He that doeth evil hateth the light, neither cometh to the light, lest his deeds should be reproved." What is its message? First, that God is Light, and in Him is no darkness at all; secondly, that God is Love—if we may make a first and second.

Now what can be the objection to this? How can it engender racial hatred. As a matter of fact it does not. No, the Chinese as a general rule love the missionary, where he has become known. And there are instances, many, of missionaries having been well treated, even by robbers. What engenders the racial hatred is not these doctrines, but the contradictory practices of the colonies and the treaty ports. It has always been a hindrance to the spread of the message the missionaries bring. Clearly, to change the practice is the rational thing to do.

And, after all, who is the rational man? He who on adequate testimony submits his mind to believe the incredible, or he who shuts himself up to his own opinion of the probable? Who would have believed a hundred years ago that we would be able to hear a man speaking hundreds of miles away? or be able to navigate the air? If now you were to go to some segregated portion of the human race and tell them that these things are done, would they readily believe? Certainly not, on the testimony of a man who had already deceived them. On the testimony of one or two who had always been truthful, they might, and ought. Now the resurrection of Jesus Christ is attested by credible witnesses, and is admitted to be the best attested fact of ancient history. Yet Rationalists do not believe. Why? Because it is contrary to reason, but to their experience. "Why should it be thought a thing incredible with you that God should raise the dead?" The trouble is, they leave

out the main factor. "Bring God in, and it becomes reasonable. But if Christ were raised, it puts the seal of divine approval upon Him and His teaching. Were He (God forgive me) a fool or a knave. He would have been left in the oblivion of the tomb. It is also reasonable to believe that the teaching of such an One should be preserved to all generations. So we still have the teaching of men to whom Jesus sent the Holy Spirit, promised by the Father to all who should obey the Son. And even Rationalists must know that there is something peculiar about those who love Jesus Christ—something that makes them of a different spirit to themselves."

In closing, let me say that you have in your public library in Hongkong some thirty volumes, the gift of the late Dr. Eitel, being the "Collected Writings of J. N. Darby." He was earlier than "Mid-Victorian." A contemporary, but a little older, of Francis William Newman. The Rationalists, if they are reading men, will know who he was. He wrote a book called "Phases of Faith," describing his descent to Rationalism. In that book he describes a man whom he styles, "The Irish Clergyman." The Irish Clergyman was J. N. Darby. Referring to their first meeting, he says: "For the first time in my life I felt myself in the presence of a superior mind." I quote from memory, most of my books being in Canada. While it evidences Mr. N's conceit of himself, it is also a pretty good testimony to the mental calibre of J. N. Darby. I was pleased to note that one of the speakers had the candour to admit that all believers were not imbeciles. I would respectfully suggest to that gentleman, and to any other honest seeker after truth, that before committing themselves finally to the R.P.A., they obtain from the library volume VI, of those writings, and read Mr. Darby's review of "Phases of Faith," entitled "The Rationalism of Infidelity."

Thanking you for your favour.
Yours, etc.,
JOHN LIVINGSTON WILLIS.
Yeungkong, April 12.

(To the Editor of the China Mail.)

Sir.—One of your correspondents thanks God that the Rationalist Press Association has met its match in the Modern Church. The facts are that the R.P.A. complacently accepts the attitude of the Modern Church as a decided step towards its own aims and views. The Church will advance much nearer yet.

Another opinion set forth is the lovelessness and clearness of Rationalism. Surely the love of Mankind transcends the love of an anthropomorphic and hypothetical God.

BIBLE FACTS.

(To the Editor of the China Mail.)

Sir.—Although your correspondent "Nudas Veritas" ignores answering my question, I will endeavour to reply to his.

1. I see no discrepancy in the statements given in Chapters 6 and 7 of Genesis. The two statements are perfectly clear.

(a) Seven pairs of clean animals, etc.
(b) Two pairs of unclean animals, etc.,

the difference between the clean and unclean in this connection being that the former were used for sacrifice and the latter not so used. Exodus gives us ten varieties of clean beasts, owing to the clean being needed for sacrifice, it was necessary for a larger number to be preserved.

The first thing Noah did on coming out of the Ark was to sacrifice clean animals and birds in praise and thanksgiving for his redemption. (Gen. 8.20.)

2. The window in the ark was certainly not for the purpose of letting in light. The face of it being on top would prove this. There were other methods of lighting the ark apart from daylight. Probably your correspondent can suggest some of these without me telling him.

3. Your correspondent, in dealing with the character of God, should take the Bible as a whole, especially as it is revealed in the person of our Lord and Saviour Jesus Christ. A description of the people in Noah's day has evidently been overlooked by

Nudas Veritas, and without going back to the days before the flood, the condition of things in our own day show what the unregenerate man is capable of. As I have said in past correspondence, a surgeon is not considered brutal or lacking in sympathy when he removes a cancerous growth and thereby saves the life of his patient. Even so does the Almighty remove from the world those individuals or nations who would corrupt the body politic. I would refer to our Lord's words in Matthew 24.38 and 1 Peter 3.20 observing that Noah was preaching for 120 years and giving warning of impending disaster all that time. See 2 Peter 2.4-9. There were scoffers and unbelievers in the days of Noah as there are in our own day (2 Peter 3.3) but the scoffing, etc., does not prevent the judgment coming upon those who treat God's mercy with contempt.

4. Your correspondent asks why the animals should suffer for the sins of men? Has he considered what would have happened if the lower creation had been allowed to live? It is just here, that the love of God is manifested. (See Deut. 7.22.)

May I suggest to Nudas Veritas that instead of caviling at the Bible and seeking to find discrepancies which have no real existence, he read it through carefully from Genesis to Revelation, seeking the light which can only come from its author.

Howbeit when He, the spirit of truth is come he will guide you into all the truth. (John 16.13).

And when he is come, he will reprove the world of sin, and of righteousness, and of judgment:

Of sin, because they believe not on me;
Of righteousness, because I go to my Father, and ye see me no more;
Of judgment, because the prince of this world is judged. (John 16.8-11).

Yours, etc.,
W. A. JORDAN.

CISSY OR CISSIE SHIRTS?

(To the Editor of the China Mail.)

Sir.—I have been considerably pained at the way the discussion on suitable shirt wear for the summer has tended. There has, it seems to me, been a touch of levity which I very much deplore. For, Sir, I am the original pioneer in the use of "Cissy" shirts in Hongkong. When I belonged to a very select tennis Club in Kowloon—a Club which admitted ladies free on Wednesday, Saturday and Sunday afternoon—I appeared in the glory of this particular garment (of course with shoes and socks as well). I could not help but notice the anxious looks which the ladies gave me, and afterwards a married member told me that the ladies thought the laundry had made a mistake and mixed up my washing with that of a member of the female sex! Fact!

There seems to be bewilderment as to what is a Cissy shirt. Such a shirt is a garment that, so far as the neck is concerned, comes over the collar of the coat, and is generous in front with regard to openness. Very often a tennis shirt is made to serve the same purpose often with agreeable results. I once knew a man who attended Grand Opera in such a garment, but it should be said in his favour that his other collar had not yet come from the laundry. It is this misuse of the "Cissy" shirt that does not bring it into general favour, for the glaring expanse proves the Darwinian theory to a hair; whilst the thing often looks as if the wearer has slept in it—a condition which no proper gentleman would countenance. Indeed the matter has reached a social division. It can best be explained in terms of arithmetic. Thus:—As the Peak is to Kowloon so is a Cissy shirt. The answer, more often than not, is a lemon, but it can be made into a recurring decimal. It all depends if the word is spelt "Cissy" or "Cissie," and buttons all down the front.

Another thing to be remembered is that recent additions to the Colony's population—mainly from Belfast, Dublin, Upper Tooting and Balham, have rather overdone it. A Cissy shirt worn with a badly made sports coat (alleged sunproof) a pair of boots worn down at the heels, a pair of shorts looking like a pair of father's long cut down, and a cheap felt hat of unutterable shape, is anathema—Words worth the poet has indeed summed up the type of person I have tried to indicate who are effectively killing the general adoption of the "Cissy" in those wonderful lines of his. You, of course, know them, but for the benefit of

those who think there is no one to equal Robert Service the Canadian Kipling, I repeat them. Here they are:—

A "Cissy" shirt on shoulders
thin
A "Cissy" was to him
And it was nothing more.

RESARTUS.
Hongkong, April 25.

(To the Editor of the China Mail.)

Sir.—I cannot quite understand all this stir about men's dress—"Cissy" shirts, low (or is it open) necks, and so forth. It seems to me that men are much more slaves to fashion than women. The correspondence in your paper for a week past has proved this to be so.

Women are said to be like sheep—blindly following one another in the rush to be in the fashion. Men are worse—very much worse. And the most conservative. Because it is "the thing" to wear this or wear that, there is not one of them who would dare to appear in the office the slightest particle different from anyone else. And so all the discomfort of stiff collars, at least an inch sometimes too high, are tolerated. Why cannot comfort and not so-called fashion be considered first? It cannot make a magpie man look any less manly to wear something that is comfortable.

That is the opinion of

(To the Editor of the China Mail.)

Sir.—During a stay of nearly a quarter of a century in the Orient I have only met a couple of men with common sense (I am not one of the two).

One was a District Magistrate, who appeared in Court with the "comfy" and cool baju and sarong of the Malays. The other (dare I breathe it?) was a journalist, who sat at his desk with no shirt collar, no irksome shirt, but merely a thin open-knauze singlet (delightful on a scorching day).

To those who would advocate anything else, I would say: "Go thou and do likewise."

Sir.—Your correspondent "Hopeful" is not merely stupid—he is blind also. He cannot see further than his nose. Anyway he can't read plain English. He accuses me of sanctimonious hypocrisy when I said that the attack on the solar is an attack on the philosophy of clothes. I still maintain that it is. But as for taking up a sanctimoniously hypocritical attitude, I defy your correspondent to point out where I deprecated going back to the apes. I think that is the only thing fit for such people as "Hopeful."

"THE GREAT UNPAID."

(To the Editor of the China Mail.)

Sir.—Who is the person responsible for advising H.E. the Governor to create Justices of the Peace? What can be said of a system that has meant that Mr. W. S. Bailey has had to wait all these years for what is presumably an honour, whilst a man who has been here six months has this thing thrust upon him.

I do not know Mr. Bailey personally and he will probably not thank me for making use of his name; but I do know that Mr. Bailey has been closely associated with all that is best in the Colony's affairs, and for years has been a large employer of labour in a very important industrial field. Has one's social, religious or Masonic activities anything to do with these recommendations?

Yours, etc.,

ENGLISH CUP WON BY SHEFFIELD UNITED.

ROYALTY PRESENT.

(Reuter's Service.)

London, April 25.
At Wembley Stadium for the Association Cup Final, the Duke and Duchess of York saw Sheffield United beat Cardiff City by a goal to nil.

The weather was fine and 90,000 attended.
The Duke and Duchess of York arrived shortly before the start. The Duke walked on the ground amid deafening cheers and the teams were presented.

Blades Attack First.
Sheffield were the first to attack and continued to have the better of matters, the kicking of the Welsh backs being hurried.

Tunstall netted for Sheffield after thirty-one minutes, rushing in and netting at close quarters. Gillespie, the Sheffield centre-half, were prominent by skilful work, though the combination of the halves and forwards on both sides left much to be desired.

Cardiff's Missed Chance.
On the resumption, Nicholson, the Cardiff centre, had the chance of a clear shot but passed amidst excitement. The Cardiff goalie had to punch away a centre from Mercer, the right winger. There was little combined play owing to the effective breaking-up tactics of both sets of halves. Towards the end Cardiff made a desperate effort and might have equalised but failed though the wretched shooting of their inside forwards.

Sheffield recovered the grip and held out to the finish when the crowd broke on to the pitch and shouldered Tunstall and Gillespie to the stand where the Duke of York presented the Cup medals.

Ramsay MacDonald in Royal Box.
Mr. Ramsay MacDonald, who occupied a seat immediately behind the Royal Box, had to rise repeatedly in acknowledgment of cheers. The Duke and Duchess of York at half-time invited him to the Royal Box but Mr. MacDonald declined, on the ground, that he was accompanied by friends. The invitation was extended to his friends and repeated with such insistence that Mr. MacDonald and his party accepted and entered the Royal Box. Mr. MacDonald was bidden to sit at the right of the Duchess with whom he had a close conversation until the end of the game.

NORTH CHINA TEAM
TO PLAY HERE?

TENTATIVE DATES.

CHALLENGE TO REPRESENT
CHINA AT OLYMPIAD.

Hongkong may see a team of North China footballers in action very shortly, if present arrangements are carried through.

As previously reported in the "China Mail," some Shanghai and North China teams had questioned the right of the South China A. A. (Hongkong), to send a team to Manila to represent China, at association football, at the Far Eastern Olympiad, at Manila.

It is now understood that the pick of the Northern teams is definitely coming down to play a deciding match with the Hongkong Chinese cricketers, the winners to have the honour of playing for the nation.

According to the latest information, the North China team is due to arrive here on or about May 3, says the "Wah Tsai Yat Po," and it is hoped to play two matches on May 4 and May 6. Each game will start at 5 p.m. at the Hongkong Football Club's ground, Happy Valley, permission for the use of which is in course of being obtained.

KOWLOON'S VICTORY.

POLICE LOSE IN CHARITY
MATCH.

SATURDAY'S GAMES.

[By "Dutchie"]

Football of Saturday was confined to two matches as follows:

At Kowloon the home team were opposed to the Police, the proceeds being in aid of the Ministering Children's League.

The teams lined up as follows:

Kowloon.—Duncan, Wheeler, and Reed; Turner, Hayes, and Pascoe; Latham, McBride, McKelvie, Austin, and Mason.

Police.—Clarke, Wynne, and McWalter; Britton, Dewar, and Goodwin; Jessop, Post, Johnson, Kirby, and Simpson.

The game started with the Police attacking, but offside against Simpson and later Johnson spoiled what would have been a good chance to score. At the other end, from the free kick for offside, Mason obtained possession, and, going down, centred for Austin to miss the post by inches. Soon after this the latter player made up for his previous mistake by beating Clarke with a rising shot that the "goalie" would have got to had he not been so intent on appealing for offside, which, by the way, appeared obvious from the stand.

Kowloon continued to attack and the "goalie" was called on to save from Latham and Hayes, the latter's shot being a fine effort on the ground, and Clarke had to stretch full length to save.

Later McWalter conceded a corner, and Clarke was called on to punch away from the corner kick. Mason hit the upright and, the ball rebounding, Dewar cleared.

Just before half time Austin got away on the left and sent in a hard drive. Clarke was in the right place to save, but McWalter, in trying to clear, deflected the ball into the net outside the "goalie's" reach.

Half time: Kowloon 2 Police 0

In the second half the Police re-arranged their team, Jessop going to left half and Dewar to outside right, Goodwin filling the centre half position. This seemed to have a much better effect as far as the Police attack was concerned, but they were woefully weak in front of goal. Simpson was conspicuous for some fine runs on the left, and his shots should have been improved upon by the inside men. Duncan came out to a shot from the outside left within the first minute of the resumption, and at the other end Mason was offside. "Hands" against Hayes saw Simpson get away and from his centre Dewar sent over. At the other end, with an open goal, Austin shot wide. Simpson forced a corner off Wheeler, and Duncan had to punch clear. Soon after the "goalie" was called upon to save from Simpson, who had neatly tricked Wheeler and cut in to shoot. Post was presented with a fine opening by Simpson, but missed the ball on the bounce, and Reed cutting in, cleared.

Kowloon took up the attack, and McWalter, in trying to clear, sent behind perilously near the post. From the corner kick Mason sent in a close one that Clarke got to and punched away. Wynne sent Simpson away on the left, and Duncan did well to save

the resulting shot. Clarke saved a hot one from McKelvie at the expense of a corner, but Mason put behind. The final whistle sounded with the score:— Kowloon 2 Police 0

Comment.

The game was of a very poor description from a spectator's point of view, although possibly from the players' standpoint it was very hot. The Police turned out a very poor team, but it must be said for them that they had ample chances of equalising in the second half.

At the conclusion of the game, Mr. P. P. J. Wodehouse, C.I.E., presented to Mr. McKelvie a silver cup as a memento of the occasion. In doing so, he stated that he would have much preferred to hand the Cup to Mr. Johnson, the Captain of the Police team, but on the play the best team had won. He thanked both teams heartily for turning out on such a day, adding that by their efforts the Ministering Children's League would benefit by the gate of which they were in great need.

S.C.A. v. H.M.S. HAWKINS.

These teams played a friendly game on the Club ground, in aid of the fund required to send the Chinese team to the Far Eastern Olympiad. Owing to the fact that it was not generally known that the game would be played, there was a very poor attendance. A first game was seen and the Sailors are to be consoled with in not winning. They certainly had the best of the game and had luck been their way, they would have scored on several occasions. Their forwards combined prettily, and had the Chinese defence guessing on many occasions. Li Wai-long scored the only goal of the game, beating the Hawkins "goalie" from close in.

A return game would be of interest to all concerned.

NEXT SATURDAY.

Chinese v. Civilians.

For the game next Saturday between the Chinese and the Civilians the following have been selected to represent the latter:—

Rodger; Wheeler and Bishop; Watson; Stewart and A. Duncan; Johnston; Forsyth, Johnson, Rocha and Brown.

The game will be played on the Club ground and the kick-off is time for 5 p.m. sharp.

At the conclusion of the game the "Lai Wah" Cup, kindly presented by the Chinese firm of that name and won this season by the Civilian team, will be presented to the winners.

V. R. C. BOXING.

SATURDAY NIGHT'S
FINALS.

TOURNAMENT ENDS.

Seldom has the Victoria Recreation Club boxing tournaments attracted such a large gathering as that which watched the Championships on Saturday night.

His Excellency Sir Edward Stubbs, accompanied by Capt. Neville, A.D.C., and Sir Claude Severn arrived at 10 o'clock in time for the start of the most interesting bout of the evening, the special six-round contest between Marine Betts and Ldg.-Stoker Piper.

The fighting of the boys proved particularly interesting, as also the welterweight contest between A. B. Ringham and P. O. Meen.

The Officials:—Mr. W. S. Bailey (Convener), Comdr. Bower, D.S.O. (H.M.S. Ambrose), Mr. J. H. Oxberry, Lt. Cockayne, Lt. Hill, R.N. (H.M.S. Ambrose), Lt. Buckle, R.N. (H.M.S. Ambrose), Mr. T. G. Bennett, Lt. Comdr. Young, R.N. (H.M.S. Tamar), Lt. Comdr. Lytle, (H.M.S. Hawkins), Mr. W. Logan, Lt. P. H. Drake-Brockman (1st East Surreys), Mr. D. Burlingham, (H. K. P.), Lt. R. A. Chidson (1st East Surreys), Lt. A. Whyte, R.E., Lt. Majendie, R.N. (H.M.S. Ambrose), Lt. Comdr. Hake, Lt. Comdr. B. C. Rhodes, R.N. (H.M.S. Brisbane).

Medical Officers.—Dr. B. H. Mellon, and Dr. G. D. R. Black. M.C.—Mr. R. C. Wittell.

Time-keepers.—Mr. S. Kelly, Mr. C. Bond, Mr. J. Lyon, Mr. S. J. Clarke, Mr. J. Brook, Lt. Sherwood (H.M.S. Ambrose), Mr. A. B. Allan, Stewards.—R. S. M. Maynard (1st East Surreys), Staff Sgt. Hunt, Mr. J. Stewart, S. M. Goodwin, Mr. C. M. Houghton (St. Joseph's College), Mr. P. W. Ramsay, Mr. T. Harrison (Garrison School), C. M. S. E. Steele, (G.R.C.), Mr. P. Yanovich, Mr. J. Soares, Mr. G. T. Nightingale (C. B. School), Mr. K. K. Cooper, and Mr. J. A. Thompson.

Presentations of Cups.

Before calling upon His Excellency the Governor to make the

presentations, Mr. W. S. Bailey said that he wished on behalf of the Victoria Recreation Club to thank very sincerely Lt. Comdr. Young, R.N., and other officers, including Mr. Cooper of the Naval Yard, who assisted the Secretary in the large amount of work entailed in the competition, owing to the large number of entries. He also thanked the Hongkong Boxing Association for the use of the ring. He congratulated the contestants on the fine manly spirit which had been displayed in these contests. (Applause.) He said that he felt very strongly, and could therefore speak with conviction. During the 35 years he had been connected with the Club, he had not seen a finer and cleaner spirit than during this tournament. He said he was proud to be a Briton when he saw a man stepping back when he saw his opponent leaning on the ropes. On behalf of the Club, he heartily welcomed the Australian friends from H.M.S. Brisbane. He concluded by asking all to join him in proposing a hearty vote of thanks to Mr. Wittell and His Excellency for his presence.

The vote was carried with applause.

His Excellency then gave away the prizes to the winners, shaking hands with each recipient.

The School Challenge Cup was won by St. Joseph's College, G. Danenberg carrying it away amidst much cheering.

The Championship Cup presented by Mr. A. Rodgers was won by A. B. Quinn (Light).

The Welterweight Challenge Cup presented by Mr. A. Rodgers was awarded to P. O. Meen.

Special prizes were given to Boy Massey (G.S.) and Young Gourlay (K.B.S.) for their plucky fights.

The Cup for the 100 yards Championship of the Colony won last Saturday at the V.R.C. sports by Mr. D. D. Urquhart, for the third year in succession, was also given away by His Excellency.

Proceedings terminated with the playing of the National Anthem by the Band of the East Surreys, which was in attendance.

Results follows:—

Boys' Bantams.

R. H. Ramsay (64 lbs.) Garrison School v. J. Dillon (64 lbs.) St. Joseph's. The decision was given in favour of Ramsay.

Dillon led the attack, but Ramsay stood well and delivered some effective rights. In the second round, Dillon got one on his opponent's chin with his left, but in the final round Ramsay was the aggressor and used his right freely.

Men's Bantams.

H. Major (8 st. 4 lbs.) Hongkong v. Boy Fleming (7 st. 11 lbs.) H.M.S. Brisbane. This was a lively bout, which opened fast, with plenty of close in-fighting. In the first round, Fleming smothered his opponent with both fists. Major shaped better in the next, but in the final round received a series of left jabs which found their mark. Major was adjudged the winner by a narrow margin.

Men's Middles.

Pta. Eaton (11 st. 2½ lbs.), East Surreys, v. Stoker Thompson (10 st. 11 lbs.), H.M.S. Titania. This bout all throughout the three rounds was characterised by too much holding. The first round was marked by body blows. In the next there was some fairly exchanged hits. Eaton, getting a cut below his left eye. In the final round Eaton was cautioned, and shortly after went down for a count of eight. He picked himself up and fought gamely. The decision went to Thompson.

Men's Lights.

A. B. Shaddock (9 st. 11 lbs.), H.M.S. Brisbane, v. A. B. Quinn (9 st. 9 lbs.), H.M.S. Brisbane. The boxing was very poor, there being too much of holding. Quinn was awarded the decision.

Boys' Lights.

C. Ligores (75 lbs.), St. Joseph's, v. G. Danenberg (74½ lbs.), St. Joseph's. The latter had the advantage in the opening round, chasing Ligores round the ring. Though elusive, Ligores presented an open front and was content to take punishment with his head down. He came in for a lot of it in the third round, but finished fighting gamely. Danenberg won.

Men's Feather.

Sea. Codner (8 st. 9½ lbs.), H.M.S. Carlisle, v. Dr. Bowles (8 st. 13 lbs.), East Surreys. Bowles led in the first round with left jabs and in the next brought in his right also to advantage. Codner asserted himself in the final round with some good rights although he was not quick to seize every opportunity when close in. Codner won.

Six-Round Contest.

Betts (11 st. 1 lb.), H.M.S. Hawkins and Ldg.-Stoker Piper (11 st. 5 lbs.), Submarine I 38, was the most interesting bout of the evening. It did not, however, go the full way, Betts sending his opponent down for a knockout in the fourth round. Betts led by sending Piper into a corner where he sent down a shower of blows,

mostly on the body, with his right, following up with some more on the face with both hands. Piper fought gamely, and also got in some stinging hits. The second round was marked by some grueling blows from both sides, with Betts doing most of the hitting. In the third round, Betts seemingly tired himself in administering severe punishment, his opponent having his own back after forcing him into a corner. The round ended with both leaning on the ropes, the referee cautioning them. Soon after the commencement of the fourth round, Betts got a heavy swing on the jaw which knocked his opponent out. The fighting was clean and vigorous.

Boys' Heavies.

A. Randall (113½ lbs.) v. J. Cunningham (115 lbs.), both of Diocesan Boys' School. The fighting was poor, both lacking in attack, with Randall cowering down most of the time. His opponent failed to take advantage, and missed badly. Cunningham won on points.

Men's Welter.

A. B. Ringham, H.M.S. Inverness, v. P. O. Meen, H.M.S. Tamar. This bout ran the whole way of the three rounds and produced hard hitting. Meen started with a left swing on the face, following up with a series of jabs. Ringham once got in a good right, but came in for more punishment. There was too much holding in the second round, Randall fighting well although getting most of the punishment. Randall was the aggressor in the final round and got home some stinging hits. Meen was adjudged the winner amidst applause. The bout proved interesting.

Men's Heavies.

H. E. Rose (13 st. 2 lbs.), Basma, v. Edr. Lodge (12 st. 5½ lbs.), R.G.A. The bout started with Rose forcing his opponent. Lodge acted more on the defensive, using his height to advantage, and delivered a straight left which he followed up very often. Rose was bleeding badly from the nose. In the third round Rose hit his opponent with a right before he was ready. Lodge did very little attacking. Rose, although bleeding profusely, was attacking all the time and was adjudged the winner.

Boys' Middles.

C. Giron v. K. G. Evans, both of St. Joseph's. This encounter was fairly good to watch, both fighting gamely. Evans fought stylishly, using his left to advantage, but the same could not be said of Giron, who was inclined to hit low and once hit his opponent when he was down. The referee had to caution him occasionally. Giron was awarded the winner on points, Evans being applauded for his plucky fight with his taller and bigger opponent.

Close Finishes.

INTERPORT CRICKET TRIAL.

LEAGUE MATCH.

Considerable interest was manifested in the interport trial match on the Club ground on Saturday afternoon, and there was more than the usual attendance of members and their friends curious to see for themselves how the selected team would fare against the stay-at-homes.

The interporters went to the wicket first, the Rev. E. K. Quick (captain) and E. P. Stewart facing the bowling of the Rest. The opening was not too auspicious, for only eight runs had been notched when Stewart was out, leg before, from a ball from Vallack (1 for 8).

Balhatset took the vacant place and was content for a while to let the captain continue the scoring, but when he did seem likely to settle down he was bowled by Cantrell (2 for 33). Morris next went in but failed to score (3 for 35), and his place was taken by Ramsay. Quick was meanwhile keeping his end up, gradually adding to his score by good batting, which evoked the admiration of the onlookers. Ramsay had scored six when he fell a victim to Young's bowling (4 for 52). Quick's next partner was Hargreaves, but he was no more successful than Morris and went out without anything being added to the total (5 for 52).

Capt. Armstrong was next man in and soon settled down in an endeavour to beat the ball, the score being taken to 96 before the Rev. E. K. Quick was snapped by Young after making an individual score of 42, which comprised a quartette of boundaries. He was accorded an ovation on reaching the pavilion. Stripp joined Armstrong, and forced the game, the partnership holding together until the total reached 135 when Armstrong was caught by Hayward off a ball from Paffard. He was succeeded by Holland, but only a few more runs were added when, at 4.17 p.m., the innings was declared with the score standing at 148 runs for nine wickets.

The features of the innings were the batting display of the Rev. E. K. Quick, who gained more runs by his time, in spite of the rapid changes of partners, and the bowling of Young, who was

put on at the right time to upset the calculations of the interporters. Jotham and Hayward were the first two of "the Rest" to take up the batting, and both opened cautiously, but 28 had been scored when Hayward was caught by Walker off Bowker. Paffard joined Jotham and batting proceeded briskly, thanks to a good display by the latter, who was giving the fielders some strenuous work, until he was put out by a ball from Bowker. Paffard did not stay long, and was replaced by Sayer, who knocked up 15 runs when he was caught by Stripp (4 for 92). Pearce was the only one of the others to make a stand, seeing both Lammert and Cantrell dismissed before he himself was out l.b.w. to a ball from Reed. Hamilton was unlucky to be caught by Balhatset, and the game came to an end with the score-reading 134 for eight wickets, the match thus ending in a draw.

K.C.C. v. UNIVERSITY.

AN EXCITING END.

The postponed League fixture between the University and the Kowloon C.C. seniors on the ground of the latter was not marked by any high scoring on both sides, but there was enough of interest in the exciting finish when the home side fell short of one run for a tie.

Winning the toss, the University batted first, the total, with Hett (15) and Hachiuma (11) as chief contributors, realising 73 runs. Goodwin topped the bowling average with 4 for 25.

The visitors met with disaster when the first wicket fell with a blank score board, but later improved by sending 50 up for five wickets. Petheram went in at this stage, and with Goodwin (8) and singles from the two followers, raised the score to 72, when he was smartly held by Noronha at third man, his score being 14 and the total 72. W. S. Brown, the last man, was beaten by Rumjahn without any addition to the score. Macaskill (27) hit a quartette of fours. Lyal (13) was despatched by a neat one-handed catch by Noronha off Sir Claude Severn. The fielders shared with the bowlers the victory by accepting seven catches.

LOCAL AND GENERAL.

The grueling ordeal confronting Lieutenant John S. Thompson, Signal Corps, U.S.A., when he faces a military court with his life at stake for the murder of Miss Audrey Burleigh, beautiful 16-year-old step-daughter of Captain Hamilton P. Calmes, Medical Corps, U.S.A., has been postponed, according to an announcement by the military authorities.

A 70-year-old Chinese comrade of Messrs. Arnhold Brothers and his young concubine were murdered in their bed in Peking by a man servant, Chen Jih-chu, the dead man, who lived at 53 Pei Ho Yen, An Ting Men Nei, was a brother of the former Minister of Finance, Chen Chin-tao. He and his concubine were in bed when a servant named Chao rushed into the chamber and killed them both. A maid servant entered the room and was severely wounded. The murderer went to the 1st Middle Police Station and confessed his crime. The family are naturally reticent about the affair but it is believed that jealousy was the motive of the crime.

The cheapest pipe on sale today in London, the city which has perhaps two or three times as many pipe smokers as any other city in the world is the old-fashioned corn-cob pipe from Missouri, which was given international prominence by Mark Twain. The corn-cob pipe in London retails at 4 to 6 cents each, but even at that can scarcely be considered as having made any noticeable inroads upon the British pipe industry. In fact, it may be said that the corn-cob pipe is considered more of a freak than anything else, and is bought chiefly by Americans, as a reminder of old corn-cob days back home, and by a few Britons who have lived at intervals in the west or middle west, when corn-cobs were in their prime. Pipe dealers say there that the corn-cob will never become really popular in London, despite the low cost, because of the fact that it does not last any length of time. The Englishmen are always eager to try a new pipe, say the dealers, but they prefer hardwood ones.

A newly married couple from Kalgan have come to Peking to solicit medical treatment, according to a Chinese newspaper. The trouble is this, says the report: "The tip of the bride's tongue is severely wounded by the unintentional biting of the husband during one of the many tender kisses."

At a recent meeting the Royal Society of Canada, with the consent of the Council, awarded a gold medal for outstanding achievement in literature or science to Charles Saunders for his discovery and development of "Marquis" wheat. The propagation of this grain has added millions of dollars to the pockets of farmers in Canada and the United States and has been primarily responsible for the outstanding position of the Dominion in the production of grain.

The first and only Chinese hospital in the United States will be opened this month on Jackson Street, between Stockton and Powell. The event, marking the most modern advance of Orientalism in America will be an occasion for a week of gay carnival in Chinatown. The building is four stories, of reinforced concrete, erected and equipped at a cost of \$250,000. Funds were raised by the Chinese Six Companies, Chinese Chamber of Commerce, Saint Mary's Catholic Mission, Chinese Christian Union and kindred organizations. The hospital will have fifty-five beds and two operating rooms, all furnished with the latest in surgical appliances. A staff of forty physicians, five of them Chinese, will minister to patients. A free clinic will be maintained for needy poor. Twelve Chinese girls are now completing their training as nurses. One of them, Miss Mae Toong-thom, has been brought from the Presbyterian Hospital in Philadelphia.

The total output of the Kailan Administration's mines for the week ending 11th April 1925, amounted to 74,105 tons and the sales during the period to 56,214 tons.

One species of fish in the Philippines lives in trees and visits water only occasionally, as for example, when pursued. Another lives in rice fields, and burrows down to moisture where it hibernates during the dry season. This fish travels 100 yards or more on dry land.

Shanghai is not, on the whole, an unhealthy place to live in, states Dr. Dunn, who declared that practically every so-called tropical disease is preventable, if proper precautions are taken. Such diseases as pneumonia and influenza are no more prevalent in Shanghai than elsewhere, in fact there is less pneumonia than elsewhere. The best proof of the healthful conditions of Shanghai rests in the fact, according to Dr. Dunn, that life insurance companies have reduced their premium charges for Shanghai and North China.

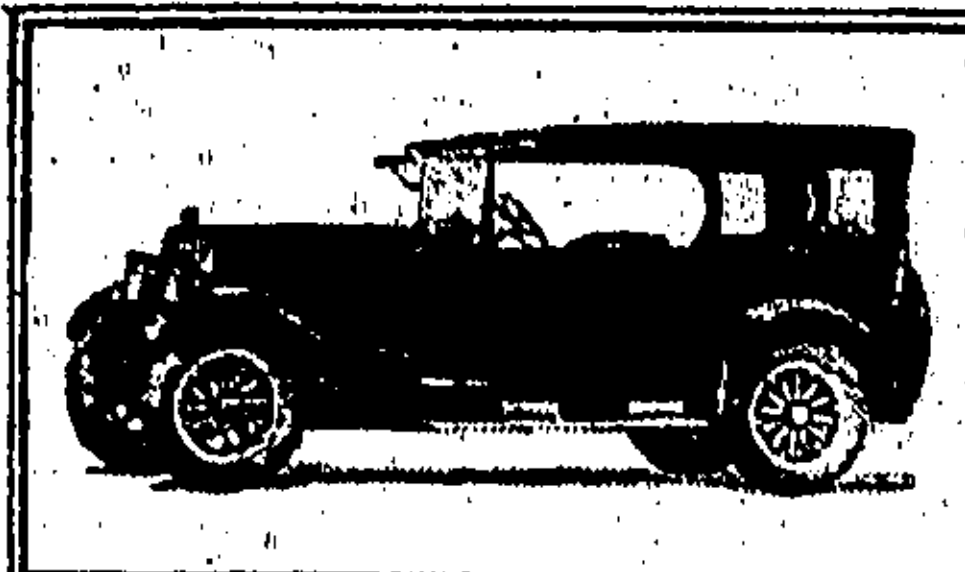

Student tours to Canada will be operated by the Canadian Pacific this summer, in conjunction with the French Summer School at McGill University. There are many student tours to Europe run year after year, but this is the only student tour to America and the project is decidedly new. Montreal, by virtue of its situation in the heart of French Canada, is considered an ideal centre for the study of the French language. McGill University, realising this, established a French summer school there in 1910. After a lapse of eight years, occasioned by the war, the school was resumed in 1922 and the revival has proved an unqualified success. In the past the students have come from all parts of Canada and the United States, but this year the course has been extended and an effort will be made to enroll students from the British Isles.

OUR SCOUTS.

PRINCE OF WALES' BANNER.

About 250 Hongkong Boy Scouts, drawn from nine troops, attended the second rally for the year in the competition for the Prince of Wales's Banner on the Sookumpoo ground on Saturday afternoon. The proceedings were carried out under the direction of the Rev. G. T. Waldegrave, Scout Commissioner. The judges were Messrs. C. H. Blason (Honorary Treasurer) and A. White (Honorary Secretary and D.S.M.), with Captain Williams assisting in the ambulance event. Scoutmaster A. Kirk, of the Third Troop, which did not compete, also assisted in the judging. The programme opened with the inspection of the troops by the Scout Commissioner, points being awarded for good average turnout, punctuality, correctness of kit, and personal cleanliness. Other items were squad tests in tracking, fire-lighting, map-reading, and knotting. The final item was the troop contest in which instructions were given in sealed envelopes. Points were awarded in the contest for correct signalling, neat writing of message, correct treatment of patient, stretcher work, improvisation of stretcher, etc., and management of squad by the leader in charge. The troop contest was well executed by the boys and proved to be the most interesting item in the rally programme. The final points gained by each troop in the competition will be announced at the end of September.

The warden and residents of Eliot Hall, Hongkong University are to hold an At Home on Saturday next at 4.30 p.m.

Passengers departing by s.s. President Cleveland on Saturday included Lt. Commr. C. R. Thompson, Mr. and Mrs. Belknap and Dr. H. B. Tarbott for Shanghai, and Dr. W. G. McClure for San Francisco.

The death is reported of Mrs. T. Caldwell, of the C. M. S. West China Mission, who passed away at Mienchuhien, Sze. Mrs. Caldwell (nee Elizabeth Henderson Weir) came to China 10 years ago. She had had considerable experience in Ireland as a Y. W. C. A. secretary, and Bible class leader. Her bright humour made her a genial friend.

His Excellency the Governor of the State of North Borneo has been pleased, by an instrument under the seal of the North Borneo Government to appoint Frederick William Fraser, Commander of the Most Excellent Order of the British Empire, to be Officer Administering the Government during his absence from the State commencing on April 15, 1925.

An Airedale dog, belonging to one of the British residents in Wei-hai-wei, was taken to Dr. Clark, formerly M.O.H. at Hongkong for examination. There were then no active symptoms of rabies in the dog to be discovered but soon afterwards the dog died and, Dr. Clark, with his usual thoroughness, conducted a post mortem examination. He came to the conclusion that the cause of the dog's death was, in all probability, "Dumb Rabies" and subsequent tests made on the dog's head in Tientsin confirmed the diagnosis. Dr. Clark and two other residents in Wei-hai-wei decided to go to Tientsin for treatment. Dr. Clark was not, as far as can be ascertained actually bitten by the dog, but he had a small wound on the hand which might have been a source of danger. He decided to take precautions. He underwent the Pasteur treatment in Tientsin. Apparently it is possible to have certain complications arising out of the Pasteur treatment, but the cases are rare, being it is said, only one in 2,200. It seems that Dr. Clark was affected and had to remain in Tientsin for several weeks. He had a long and serious illness, suffering from paralysis. He was able to leave the hospital on March 19 and it is sincerely hoped that by this time he has completely recovered.

M. Kreisler, the violinist, is proceeding from Honolulu to Australia.

Miss Mabel Grant is to act temporarily as Nurse Matron, of the Sandakan Civil Hospital.

Among the passengers who left for Europe yesterday, by the M.M. liner Paul Lecat were Mr. F. H. Pentycross (chief accountant of the Hongkong and Shanghai Bank) and three children, Mrs. R. A. Hale, Mr. and Mrs. C. P. Marcel and Mrs. Marcel, sen.

Paymaster-in-Chief David Bertie Lyndsay Hopkins, M. V. O., R. N. (retired), who has died at Greenwich, aged 63, entered the Service as an assistant clerk in 1878, and four years later was clerk to the secretary in the Ministry during the Egyptian war. He was promoted to assistant paymaster in 1883. In 1888, he became Senior Clerk on the staff of Sir Nowell Salmon, V. C., Commander-in-Chief in China. Promoted to the rank of paymaster in February, 1894, he served during the next four years as Secretary to Admiral Sir Cyprian Bridge, in command successively of the Australia and China Stations. From January, 1905, to November, 1910, he was Cashier and Store Officer of the Royal Hospital School, Greenwich, this being his last appointment before he retired, with the rank of Paymaster-in-Chief in January, 1911.

A very pretty wedding took place, first at H. M. Gen. before H. M. Constable and later at Holy Trinity Cathedral, Shanghai, (the Dean, the Very Rev. C. J. F. Dean Symons, officiating) when Helen Russell, the youngest daughter of Mr. and Mrs. C. B. McNeil, of Kilmanning and Glasgow, became the wife of Mr. Alexander McLure, CA, third son of Mr. and Mrs. A. McLure, of Glasgow. The groom is well-known in Shanghai as a partner in the firm of Messrs. Seth, Mancell and McLure. He is also a prominent member of the Shanghai Scottish Co., S.V.C., and served throughout the war in France. The bride is the sister of Mrs. W. N. C. Allen. The bride, who was attended by Miss Patricia O'Kane, being given away by her brother-in-law, Mr. W. N. C. Allen. Mr. K. B. Reid performed the duties of best man and Messrs. H. A. Hovener and John Bentley acted as ushers. Mrs. Allen was the matron of honour. The Shanghai Scottish Corps, a guard of honour as the bride left the church. The honeymoon is being spent at Kailash Bay.

Among the passengers who left Shanghai by the m.v. Glenogle were Mr. and Mrs. V. J. B. Holland, Miss Joan Rosemary, and Master John James.

Anton Flettner, the inventor of the rotorship, has completed a contract with the city of Berlin for the erection of two towers in the city to be used in producing electricity by wind power.

A large congregation assembled in the Anglican Church at Berlin recently for the funeral service of Mr. Joseph Powell, known to many Englishmen as the captain of the Internment Camp at Ruhleben. Since the war he had acted as manager of the foreign department of a film company. He died from pneumonia. The body was conveyed to England.

Among the forthcoming Shanghai musical events is chronicled that of M. Laszlo Schwarz, an Hungarian violinist-composer, and Miss Dawn Assheton, a singer who has been described as "England's own Galli-Curi" by the "Times." Schwarz is well-known in the land of his birth as an interpreter of Magyar folk-songs and 17th and 18th Century composers. At present these artists are touring the Dutch Indies and will presumably visit Shanghai towards the end of the musical season. M. Schwarz says that he and Miss Assheton have made a specialty of introducing into their programmes works of beauty that nowadays are rarely heard in the concert rooms.

Miss Ellen Wilkinson, the only Labourite woman Member of Parliament in England, who survived the last election, has dared to shock her conservative associates by the audacity of her attire. Whether her sudden taste for daring costumes is a deliberate attempt to keep before the eyes of the staid M.P.'s the cause of Labour or whether she is merely indulging her own fancy has not been determined. After the recent vacation of Parliament, Miss Wilkinson, who has Auburn hair of deep tint, returned to her seat with the latest style of "bob" and shortly after that began to appear in rather brilliant-coloured frocks. Her last venture in dress, unique enough as he mentioned in cable dispatches, was a frock of vivid green, which made her the most conspicuous member on the floor of the House of Commons. Fortunately, the woman, M. P. is unusually good-looking and, for this reason, she will afford to experiment in costume vagaries.

The Right Hon. Austen Chamberlain, M.P., has been selected by the Unionist Club of Glasgow University as their candidate at the Rectorial Election in October next. The present Rector, the Earl of Birkenhead, will then complete his term of office, and a keen contest is expected between the three political parties. The nominees of the Liberal and Labour parties have not yet been announced.

For the closing meeting of the spring season of the Shanghai Union Church Ladies' Society, Mrs. W. Lyle arranged a delightful programme. Of outstanding merit were the songs of Mr. Herbert Gave, and the violin solos of Mr. Daniel Melaa. Mrs. W. Cameron sang very charmingly in her clear soprano, and Mr. Morrison gave some of his well-known songs at the piano. Mrs. W. Lyle ably accompanied the performers.

STRANGE MURDER TRIAL STORY.

HAROLD & MRS. MARGARET WILLIS.

Harold Willis, aged fifteen, startled the police by "confessing" that he had killed Dr. B. B. Baldwin, for which crime his mother, Mrs. Margaret Willis, had been found guilty and sentenced to life imprisonment. The boy finally broke down, however, and admitted he had made up the story to save his mother.

Faithful Doggie.

Merico, the pet dog of America's Vice-President, Mr. Charles Gates Dawes, broke away from his kennel when the General left his home for Washington, and tried to follow his master. Police aid was enlisted, and Merico finally was found, but a wire netting and a heavy chain were necessary to keep the dog from seeking his loved master.

MILLIONAIRE'S SPEEDY MARRIAGE.

MR. & MRS. JEROME HILLBORN.

When Jerome Hillborn, a millionaire wool merchant, started for Europe, he was single. On board the s.s. Aquitania was Mrs. Vanetta MacMartin, widow of the late Donald MacMartin, coal mining millionaire. Before the vessel reached England they were engaged. Mrs. MacMartin went on to Paris to see her son, in school there, while Mr. Hillborn remained in London to arrange wedding plans. Then he flew to Paris, picked up Mrs. MacMartin and flew back to London, where the ceremony was performed in St. Martin's Church.

Is She a Spy?

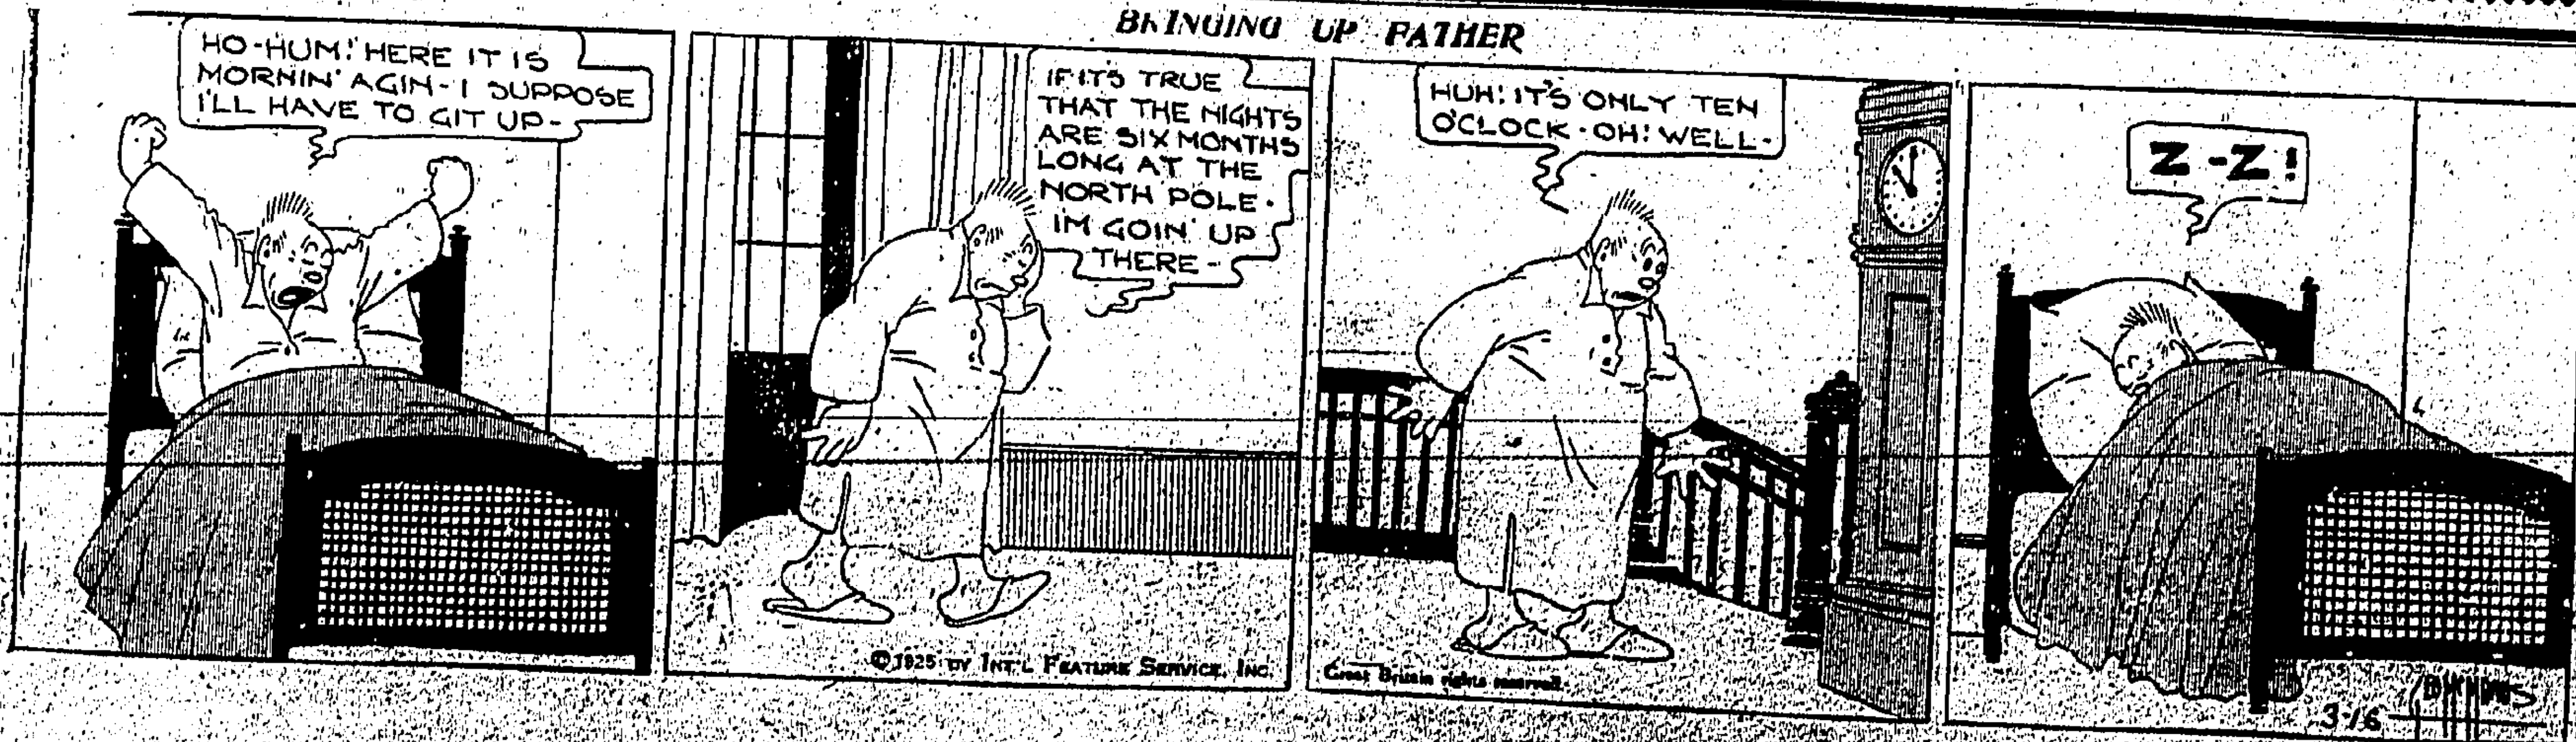

Miss Nina Jaeger, sentenced to prison for swindling, is reported to be an international spy. It is known that she was held for months in French and German prisons during the war, suspected by both of the belligerents of espionage.

FIGURES IN THE NEWS SPOTLIGHT.

The mails of England and the United States, it is charged, are flooded with requests to speculate in a big Danish lottery, said to be sponsored and guaranteed by King Christian of Denmark. "Prince" Zerdecheno, self-styled Emir of Khurdistan, has been deported. Hanford MacNider, former national commander of the American Legion, has been secretly married to Miss Margaret McAuloy, his boyhood sweetheart. Mrs. Leonard Kip Rhinelander, in whose veins is said to be negro blood, and whose marriage to the scion of the famous New York family caused a sensation and a suit for annulment, laughed at the statement that her name was to be omitted from the social register, after having appeared in a monthly supplement.

WORLD OF SPORT.**U.S. POLO TEAM.
ENGLISH VISIT PLANNED.**

The United States Army polo team, consisting of six players, 13 groomers, and 25 ponies, will sail on the Atlantic Transport liner, Minnetonka, for England. The representatives of the United States are making the trans-atlantic voyage to meet the British Officers on the historic field of the Hurlingham Club, in June, for the international military polo championship, which little the Americans won in the first series of games with the British Army four at Meadowbrook, in 1923. The team will be headed by Maj. L. A. Beard, quartermaster corps, a veteran of the combination of two years ago and captain of the present team. The other players who will make the trip are Maj. A. H. Wilson, Capt. Charles Gerhardt, Capt. P. P. Rhodes, Lieut. Eugene McGinley, and Lieut. J. A. Smith.

These players have been selected as the best possible material in the ranks of the United States Army, and their choice has been made only after a strenuous siege of training, which started at Mitchell Field, Long Island, last summer, and which ended with the winter campaign in Florida. Both Major Beard and Major Wilson were members of the American military four which defeated the British two years ago, but the other four members of the squad will be playing in international competition for the first time when they face the English horseman.

Twenty-five of the best mounts that are owned by the Government or by members of the team privately have been gathered together, and in the list of ponies that will be used in the international military series are several well-known names. Among those that will be shipped to England on the same boat with the players are Peg Bill, Marchmont and Sweetmeat, all of which are owned by the Government and were stabled at West Point before they were drafted for use by the Army team; Tiddlywink, owned by the Government and obtained from Fort Reno, Okla.; Liggett, obtained from the Government at Washington, D. C.; Barracusa and Parachute, both of which are Government owned and stablemates of Tiddlywink at Fort Reno; Louise Noll, owned by the Government and obtained from the Hawaiian Division; Marvel and Vampire, two other ponies from West Point which belong to the Government; The Vamp, donated to Major Beard by C. T. Crocker; Bud, purchased in Texas by Lieutenant McGinley; Chicken, a Government pony from Fort Bliss, Tex.; Gold Hat, donated to Captain Rhodes by L. A. Young of Detroit; Starlight, a Government mount from Washington, D. C.;

**JEAN BOROTRA.
STATES INDOOR TENNIS.**

The United States indoor tennis championship will have a strong international aspect this year, as the result of the arrival and entry of Jean Borotra of France, specialist on hard-court play, and winner at Wimbledon, who is placed at the top of the list of seeded players in the tourney, which opens at the Seventh Regiment Armory. He will play two matches in the morning and afternoon, before leaving for Washington.

Vincent Richards, winner for the past two years will not defend, as he is still competing in the resort tournaments in the south. H. L. Bowman, however, who is seeded second, may be counted on to give the Frenchman a good battle in the finals, having made special preparation for the event. "The other seeded players are L. Dilly Jr., chairman of the jury committee; F. C. Anderson, who has also been in hard practice this winter, and Irving Weinstein, the former college star of the Pacific coast, who is now working in New York, in the upper half, and P. L. Kynaston, Jerome Lang, the Columbia University captain, and H. S. Orser, United States junior indoor champion, in the section with Borotra.

Walakahan, another Government pony from Hawaii; Pat, property of the Government and pressed into service for the Army team from Fort Sheridan, Ill.; Maple Creek, belonging to Captain Rhodes, donated by John Borden of Chicago; Sparkler, donated by H. E. Talbott Jr. of Dayton, O., to Major Beard; Fleet Foot, All Steel, Chansonette and Yorktown, all belonging to Major Beard and donated by a committee of H. E.

**TENNIS.
LONDON BEATS PARIS.**

Those who eagerly await a revival in British lawn tennis must have gained heart by the victory of London over Paris at Dulwich, 11 matches to 10. The side representing the English capital had not registered a win over Paris since 1914. The feature of the meeting was the brilliant play of J. D. P. Spence, young South African-born star, who played for the British Isles in the Davis Cup contest last summer. His play has increased in intensity and critics opine that he will be a force to be reckoned with in the forthcoming grass-court campaign.

SPORT AND THE EMPIRE.

We all come across, from time to time, an "anti-sport fiend," sometimes in the pulpit and sometimes outside of it, and those of us who follow sport are apt to become a little conscience-stricken now and then when we are charged with spending most of our time, money, and energy on games. An unfailing antidote for that guilty feeling lies in a consideration of the amount of good sport does in attaining that most desirable object, the friendship of nations, and particularly the friendship between Britain and her Dominions.

The phrase "strengthening the bonds of Empire" is heard so often at all sorts of social and political functions that we have come to regard it as a platitude, and mete out to it the fate of all platitudes which is to be unappreciated, no matter how true they may be. Such has been its fate as we read it in the reports of the presentation ceremonies in connection with the M.C.C.'s visit to Australia, and it is only when one considers, that one realises how true it is that the M.C.C.'s visit has strengthened the bonds of Empire.

Some Canadians, was are being told, are thinking of seceding from the British Empire. The surest single preventive, more efficacious than all the efforts of politicians, preachers, or publicists, would be a tour of the Dominion on similar lines to the M.C.C. visit to Australia. There would never be a revolution in Britain, Bismarck once said, as long as there was racing. The theory can well be applied here, and the only difficulty is to get some sport common to the two countries. A football tour is almost the only one that would appeal, and it is a pity such a visit by a first-class British side could not be arranged.

Talbott Jr., G. H. Mead and J. C. Andrew; Gallery Girl, donated to Major Beard by R. H. Hassler of Indianapolis, and Tranquil, donated to Major Beard by Julius Fleischmann.

COMPANY MEETING.

CHINA PROVIDENT YEAR'S WORKING.

GREATER RESERVE.

An 80 cents per share dividend on old shares, a 77 cents per share dividend on bonus shares, and a dividend of 18 cents per share on new shares, an increase in reserve fund and a reduction of indebtedness, were reported to-day at the annual meeting of the China Provident Loan and Mortgage Company Ltd.

Mr. R. G. Shewan was in the chair supported by the Rev. Father L. Robert, Mr. A. H. White, Mr. T. G. Weall and Mr. Lee Hysan, Mr. E. M. de Rocha, secretary, and the following shareholders: Messrs. W. Morley, A. P. Samy, A. M. Thornhill, C. A. da Roza, Poo Michoa, Tse Tsan-tai, W. J. Hawker, Tong Hok-ting, H. H. Taylor, Fung Tat-hang, M. A. Figueroa, Yip Yung-pak and W. J. Carroll.

Chairman's Speech.

Gentlemen: The Report and Accounts for the year ended December 31, 1924, have been in your hands for some days, so with your permission we will now take them as read. The net earnings excluding the profit on the sale of the Kennedy Tower property amount to \$299,595.49 as against \$108,307.34 for the previous year, which I have no doubt you will consider highly satisfactory.

The balance at credit of Profit and Loss Account less Interim Dividend is \$416,792.88 and we recommend that this amount should be dealt with as follows:

To place to Reserve Fund \$90,000.00
To place to Equalisation of Dividend Account 100,000.00
To write off from Godown Equipment Account 7,442.83
To pay a Final Dividend of 80 cents per share on 170,000 old shares 135,000.00
To pay a Final Dividend of 77 cents per share on 30,000 Bonus shares 23,100.00
To pay a Final Dividend of 18 cents per share on 395,247 new shares 71,324.46

and carry forward the balance of \$18,925.59 to next year's Account. This will bring the Reserve Fund up to \$100,000.00 and leave the Equalisation of Dividend Account at another \$100,000.00 thus more than repaying what we took from these accounts last year for Dividend. We hope that these allocations will meet with your approval. From the Accounts now before you, you will see that "Interest Paid and Commissions" rose from \$180,482.79 to \$171,699.96 in addition to Interest on Mortgages which came to \$87,548.47, a total of \$259,246.43 paid for Interest, etc., but as we owed on Mortgages \$1,250,000.00 and our Overdraft was \$2,026,344.41, this amount is easily accounted for and explains why we had to make the Final Call of \$2,000,000.00 on the 15th instant, which was simply to reduce this large indebtedness.

"Sunday Creditors" which stood at \$82,506.88 included several temporary loans and has since been reduced to about \$50,000.00.

In accordance with Resolutions passed on January 14, 1924, and confirmed on January 29, 1924, fully paid up Bonus Shares to the value of \$200,000.00 were issued to Shareholders bringing the Capital up to \$2,000,000.00, and under the same Resolution \$1,000,000.00 new Capital was called up on March 15, 1924, making \$3,000,000.00 in all.

A further call of \$1,000,000.00 was made on January 15, this year and a Final Call of \$2,000,000.00 on April 15, making the total paid up Capital \$5,000,000.00, but these figures belong to 1925 and do not appear in the present Accounts.

After all the hopes we had of assistance from the Government it seems that little or nothing will be done for West Point, regarding Wharfe, Accommodation, and seeing that so much time was being lost we decided to acquire the Wharf and Godowns of the Standard Oil Company situated on Marine Lot 216 and Section A of Island Lot No. 1298, at a cost of \$1,200,000. This and the small wharf we already own on M.L. 180 will, we think, meet our requirements until the Plans of the Government for the development of the Port take a more definite shape.

On Marine Lots Nos. 177 and 178, which were not built upon when we bought them, we have on one half quickly put up some small one-storied Godowns which were utilised at once and have proved quite remunerative, but, of course, we cannot get the full value out of the land with one-storied godowns, so we are erecting a large 5-storied godown of reinforced concrete on the remaining half, which we feel sure will bring a good return to the Company.

As for our prospects this year, business generally is undoubtedly very slack at present, but the year has not opened badly for us and we have had no reason so far to anticipate any serious falling off in our turnover.

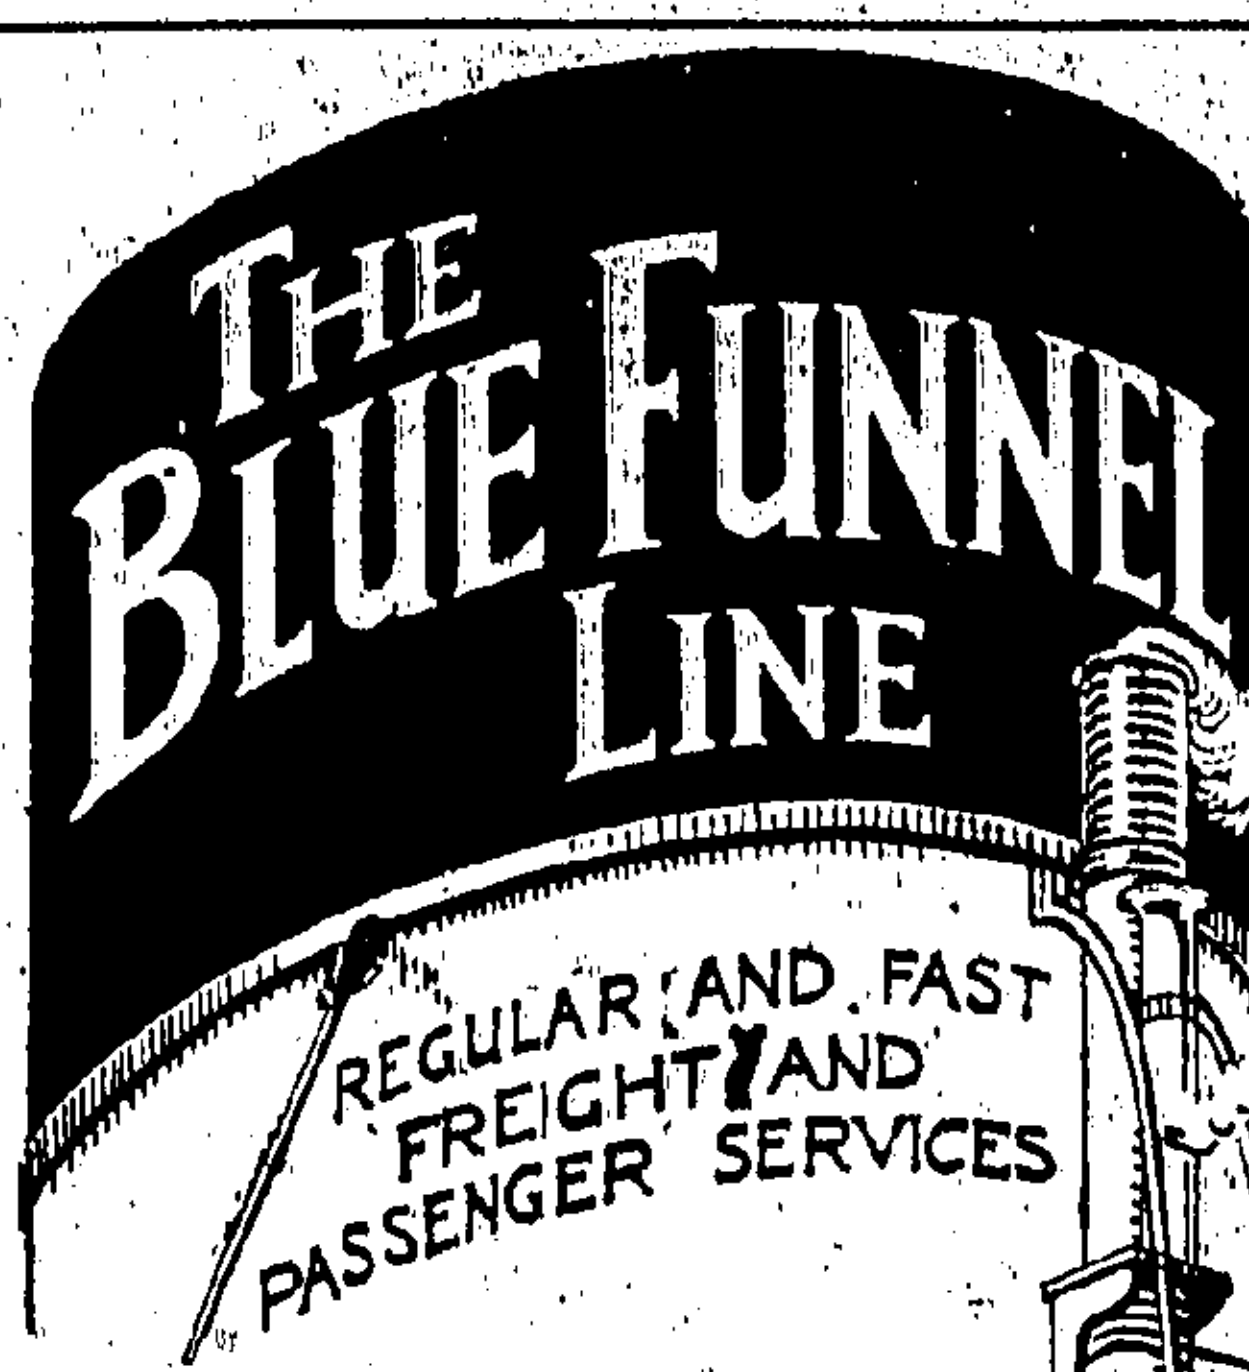

I now move that the Report and Accounts as presented be adopted and passed, and when that has been seconded I shall be pleased to answer any questions from shareholders.

Rev. Father Robert seconded the report and accounts were unanimously adopted. The following were re-elected to the Consulting Committee on the proposition of Mr. W. Morley seconded by Mr. A. P. Samy: Messrs. H. P. White Lee Hysan, T. G. Weall and Rev. Father Robert.

Messrs. Linstead and Davis and Messrs. Percy Smith, Seth and Fleming were re-elected auditors at a remuneration of \$1,000 each firm on the proposition of Mr. C. A. da Roza seconded by Mr. Fung Tai-hang.

Dividend warrants were reported as being ready.

Paris, April 25.—Three adherents of M. Millerand's organization "Patriotic Youth" were killed and eight injured when they fell into an ambush of Communists as they returned from a Municipal election meeting presided over by Mr. Deputy Taittinger. Two Communists were arrested. There was a further outrage at midnight when M. Taittinger and his friends whilst going to the station were fired on from a doorway.—Reuter.
